

Tailored financial protection for your most important asset.

Raymond James is proud to be working with EverSafe® to help you protect your money, credit, real estate and identity.

EverSafe® can help keep you safe by monitoring your bank and investment accounts, credit cards and credit reports for signs of suspicious activity.

EverSafe users have the opportunity to add-on email monitoring, as well as title monitoring. With EverSafe email monitoring, your inbox is analyzed in real time to alert you to communications that are suggestive of fraud.

On guard 24/7, EverSafe uses comprehensive data analytics to build a personal profile based on your historical financial activity and detects transactions that deviate from those patterns. In case of suspicious activity EverSafe will send you and your trusted advocates a personalized alert to address the issue in your finances or via email.

CONSOLIDATED FAMILY DASHBOARD

EverSafe helps you stay on top of your family's finances by bringing everything together. Monitor all accounts, across all institutions, for every family member. You'll also receive alerts for suspicious emails, unpaid bills, interest rate changes and more.

AN "EXTRA SET OF EYES" FEATURE

According to experts, monitoring is one of the most effective ways to detect scams, fraud and identity theft. EverSafe allows you to designate trusted advocates – such as family members, caregivers or professionals – to receive alerts and help monitor accounts. With this added support, you can feel more confident that potential issues won't go unnoticed.

SPECIALIZED PROTECTION FOR SENIORS

Developed by experts in aging and fraud, EverSafe's enhanced algorithms provide deeper protection for seniors. Our age-friendly software supports powers of attorney, guardians, conservators and trusts.

IDENTITY THEFT PROTECTION AND MUCH MORE

EverSafe offers a suite of essential services.

- Identity theft protection
- Financial account monitoring
- Trusted family/professional support
- Personalized alerts
- Specialized protection for seniors
- Fraud resolution/identity theft restoration
- Real estate and email monitoring
